Answer: D

NEW QUESTION: 2

HR must review and respond within four business hours. A manager has reviewed a case and has decided to increase the case urgency and escalate to HR. HR must review and respond within four business hours. Which three configuration options are needed to enable the manager to satisfy the requirements? (Choose Three)

- A. Provide escalation action to HR and resolve the case.
- B. Provide notification to HR requesting urgency be increased.
- C. Provide a field for urgency adjustment.
- D. Provide a service level for the HR assignment.
- E. Provide a local action to transfer the assignment to another queue.

Answer: D

Explanation:

Explanation

A Virtual Private Cloud (VPC) is a virtual network dedicated to the user's AWS account. It enables the user to launch AWS resources into a virtual network that the user has defined. A VPC peering connection allows the user to route traffic between the peer VPCs using private IP addresses as if they are a part of the same network.

This is helpful when one VPC from the same or different AWS account wants to connect with resources of the other VPC.
