NEW QUESTION: 1

- A. Option A
- B. Option D
- C. Option B
- D. Option C

Answer: B

NEW QUESTION: 2

While Implementing Oracle Fusion HCM you would like to use all the seeded Action types available.

Identify four valid Seeded Action Types that can be used for this Implementation.

- A. Termination
- B. Leave of Absence
- C. Promotion
- D. Global Transfer
- E. Hire Contractor

F. Hire an employee

Answer: A,B,C,F

Explanation:

Note: Action Type

*Action type identifies the type of business process associated with the action and determines what happens when you select an action. An action type is associated with one or more predefined actions. You can create your own actions and associate them with the predefined action types. For example, the Hire an Employee action type is associated with the Hire action. You could create an action Hire Part-Time and associate it with the Hire an Employee action type. Your action appears in the Action list of values on the Hire an Employee page. To hire a part-time

employee, you could select the Hire Part-Time action instead of the predefined Hire action.

*Action types are predefined and can contain one or more actions. You may associate your actions with the predefined action types but not create your own action types.

Note 2: Seeded items are items that are provided out of the box.

NEW QUESTION: 3

What are two methods of protecting LUN overwrites using Snapshot copies on a volume with fractional reserve set to 0%? (Choose two)

- A. Volume AutoSize
- B. iGroup throttle
- C. Snap Autodelete
- D. LUN reset

Answer: A,C

Explanation:

<https://communities.netapp.com/groups/chris-kranz-hardware-pro/blog/2009/03/05/fractionalreservation--lunoverwrite>

From the article: "If you reduce the Fractional Reservation to 0, you need to make sure the rate of change is within the volumesize, or you need to make sure the volume can auto-grow when required or even snap auto-delete to reduce the reserved blocks and free up space (although I am not a huge fan of snap auto-delete for various reasons)."

NEW QUESTION: 4

-- Exhibit- -- Exhibit -

Later in the essay from which this excerpt is taken, a young man offers to help the narrator to cross the street.

With this information and the information in this excerpt, what can the reader conclude about the actual effect the aging process is having on the narrator?

- A. The narrator truly looks and acts like an old man.
- B. The narrator enjoys pretending he is an old man.
- C. The narrator loses his sense of humor when children are around.
- D. The narrator has found humor in teasing people older than he is.
- E. The narrator looks younger than his actual age.

Answer: A
