NEW QUESTION: 1

When undertaking disaster recovery planning, which of the following would NEVER be considered a "natural" disaster?

- A. Electromagnetic pulse
- B. Lightning Strike
- C. Tsunami.
- D. Arson.

Answer: A

NEW QUESTION: 2

Universal Containers has set accounts, contacts, and opportunities to private. Sales representatives manage the accounts for which they are the account owner. The company also employs sales specialists to assist sales representatives on deals. What should a consultant recommend to allow the sales specialists to see account information and any opportunity information associated with an account?

Answer: C

Explanation:

Explanation

From the output shown below of the HSRP status of DSW2, we see that the active router has a priority of 200, while the local priority is 190. We need to increase the priority of DSW2 to greater than 200, but it should be less than 250 so that if the gig 1/0/1 interface goes down, DSW1 will become active. DSW2 is configured to decrement the priority by 50 if this interface goes down, so the correct answer is to increase the priority to more than 200, but less than 250.
